HENRY L. JOST WON

A NODAWAY COUNTY BOY ELECTED MAYOR OF KANSAS CITY.

HIS MAJORITY OVER 5,000

Defeating the Republican Machine and Overturning a Republican Majority—Thanks Nodaway County.

Henry L. Jost, who is well known in Nodaway county, was elected mayor of Kansas City Tuesday by a majority of 5,669 over D. A. Brown, the Republican candidate. Virtually the entire Democratic ticket was elected.

Mr. Jost Wednesday requested The Democrat-Forum to say that he desires to express to the people of Nodaway county, especially Hopkins township, his sincere thanks for the magnificent assistance and support they gave him in his race for mayor, and that he will always have the kindliest feelings for them.

Mr. Jost won in Kansas City solely on his own merits.

When news was received in Maryville Tuesday evening of the election of Mr. Jost, his many friends here were rejoiced to hear it.

Many telephone calls over the county to The Democrat-Forum Tuesday night wanting to know how the Kansas City election went, showed that the people were interested in that election, and when told that Mr. Jost was elected they were all glad of it.

Mr. Jost lived in Nodaway county for seventeen years. In 1881, in company with a number of other foundlings, Jost was sent to Missouri by the Mission Home of Industry at Five Points in New York. He was placed in the home of Judge Dale, who at that time was presiding judge of the county court of this county. Jost was then 9 years old. Reverses came to Judge Dale and he was forced to give up his home. He then worked for a number of farmers, and when 22 years old he said good-bye to farm life and moved to Hopkins, where he entered the law office of S. E. Brown, an attorney of that town, and began the study of law. In June, 1898, he was admitted to practice by Judge C. A. Anthony at Maryville. Desiring a higher education, he sought admission to the state university, but was prevented from carrying out his intention, because he was deficient in Latin. Instead he went to Kansas City and entered the Kansas City law school. Leaving the law school, he started the practice of law, and has been assistant city counselor in the Crittenden administration in that city, and later became assistant prosecuting attorney. While in the latter office he had charge of the state's case against Dr. Hyde, and his conduct of the case showed his ability as an attorney and made his name a household word throughout the state.

Quarantined Clyde Family.

Dr. Vilas Martin returned Tuesday evening from Clyde, where he was called Tuesday morning by Dr. W. P. Stuckle in regard to a case of spinal meningitis in the family of T. J. David of Clyde. The victim is Mr. David's 5-year-old son, and the physicians consider it a grave case. Dr. Martin quarantined the family to prevent any danger of the disease spreading.

Mrs. Louis Livasy and son of Creston came to Maryville Wednesday evening and visited over night with Mr. and Mrs. Dick Strong. They went to the Burlington Junction mineral springs Wednesday morning for treatment for Mrs. Livasy.

DRUG STORE ROBBED

CARTER'S PHARMACY AT BURLINGTON JUNCTION BURGLARIZED

SAFE WAS BLOWN OPEN

Money and Jewelry Taken—Indications Point to Local Parties as Being Implicated.

Carter's pharmacy ot Burlington Junction was entered some time during the night Tuesday and the safe blown open and jewelry to the value of $800 taken. Some money was also taken which was in the cash register, but it did not amount to over a few cents.

Entrance to the drug store was gained by the rear door, which was unlocked with a pocket knife.

The safe door was blown off and a number of watches, probably forty, and a large number of rinks taken. All the jewelry trays were found Wednesday morning on the counter empty. It is supposed that the robbers went out of the front door, as that door was unlocked this morning when W. W. Hood went into the store to purchase some articles. He was the one to first discover that the store had been robbed.

Deputy Sheriff John Tilson went to Burlington Junction Wednesday morning, but up to press time had made no arrests.

There are no clues, but it is thought that local talent was in the party, as it was evident that they had some knowledge of the store.

AVOID HARSH DRUGS.

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called Rexall Orderlies. These are prompt, soothing, and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless, and colorless. Combined with other well-known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge, nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons, and aged people, as well as for the most hearty person.

They come in three size packages, 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Remember, you can obtain them only at our store — The Rexall Store. The Orear-Henry Drug Co., 113 North Main street.

THIS IS CERTAIN.

The Proof That Maryville Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Miss Harriett McClurg, 405 East Thompson street, Maryville, Mo., says: "I gave a public statement in favor of Doan's Kidney Pills in September, 1908. Since then I have had occasional attacks of kidney complaint, and I have always used Doan's Kidney Pills successfully at such times. I recommend them whenever an opportunity is given me. I was troubled with pain and weakness in my back and hips and could hardly get about. Doan's Kidney Pills corrected these troubles immediately, and after using them I felt better in every way."

SOUTH AND WEST IN GOOD SHAPE

W. A. Lippman of Field-Lippman Tells Local Manager.

Manager Hancock of the Field-Lippman music house in Maryville has just received from W. A. Lippman of St. Louis an interesting letter telling of the trade conditions observed by him in an extensive trip covering nearly four weeks, and which took Mr. Lippman through Tennessee, Alabama, Georgia, Mississippi, Florida, Missouri, Kansas, Oklahoma and Texas. The first two weeks of Mr. Lippman's trip was through the southeast, a part of the time being spent with his wife and children at St. Petersburg, Fla.

During the last ten days Mr. Lippman stopped at Galveston, Houston, San Antonio, Austin, Fort Worth, Dallas and Kansas City, and during this time he was accompanied by O. A. Field, the other partner in the above company in St. Louis.

Visits were made to the various stores of the concern in these cities, and M. J. C. Phelps, state manager for Texas, joined them early in the trip and made the round with them.

Mr. Lippman goes on to state that the conditions in Texas are very hopeful and never in the history of the state have crop promises been so bright. Rain in abundance has fallen all over Texas, the Panhandle has had heavy snow and the soil is moist with promises of holding enough saturation to insure well started crops. With a good start the crops of Texas should be in the bumper class this year.

At every point visited, especially Houston, San Antonio, Fort Worth and Dallas, the signs of material progress and prosperity are universally apparent, hundreds of modern store and office buildings are going up on all sides, new hotels of modern equipment are opening at the rate of one every month or two, and Dallas will open in September the Adolphus, a twenty-two story hotel, which will be the equal of any hotel outside of New York, and in magnificence and cuisine, as well as construction, will rival all but one or two even in New York.

On all sides prosperity and good fortune as the reward of hard work faces one—and even the signs of the recent dreaded epidemic of spinal meningitis have entirely disappeared—Mr. Lippman states that the reports regarding the spread and reach of the disease were greatly overdrawn, as such things usually are.

In several cities Mr. Lippman states the business of his house demands more room and greater facilities for the rapid developments this house is making. In Kansas City, for instance, Mr. Lippman leased a new building with three floors, elevator service, strictly modern equipment in every way, one of the most recent and finest constructed retail store buildings in Kansas City.

The Kansas City house of the Field-Lippman company has outgrown its present quarters, and for months more room has been needed, but the building just leased by Mr. Lippman was the first one offered that met all requirements. Alterations are already under way, and when completed will provide recital hall, display rooms for the various lines of pianos and player-pianos carried by this house, offices for the Kansas City sales organization, from which the Field-Lippman house controls Western Missouri and Kansas. Sound proof display rooms will be a feature of the new place—music roll salesrooms, also sound proof, will handle the large business done by them in this line. The new quarters will be ready about June 1st, at which time it is expected the company will give a big opening.

The chief purpose of the extensive trip of Mr. Field and Mr. Lippman, in addition to inspection of the company's properties in the various houses, was in connection with the player-piano department and the changes which are to be made in the many stores of the Field-Lippman concern to adequately handle the constantly increasing player and player music roll business.

The changing conditions in the music industry have been very closely studied and followed by these two young men, and they have the name of being right up to the scratch on the most recent developments and turns in the trade.

It may safely be taken for granted, judging from the remarks made by Mr. Lippman to Mr. Hancock, that the Maryville store of the Field-Lippman concern is to be kept up with every new move and plan and the people of Maryville will continually be given the advantage and benefits that are given to music lovers and piano buyers in the largest cities. That the Maryville store has been successful in making itself felt in music circles here goes without saying—the Saturday concerts are becoming more and more popular, and frequently many are turned away for lack of space.

Mrs. M. J. Richardson and her son, J. L. Richardson, or Rosendale, were in Maryville Tuesday on their way to the Burlington Junction mineral springs for treatment. They were accompanied by Dr. Snitter of Rosendale.

BALD HEADS.

More Women Are Bald Than Men, Says Authority.

This is a startling statement, but it's true, according to an article published in a standard magazine this year.

One thing is certain, Parisian Sage will surely prevent baldness by stopping the hair from falling, but it won't grow hair after the head is bald.

Ladies, look after your hair, destroy the dandruff germs with Parisian Sage and dandruff will disappear. It stops scalp itch over night and is guaranteed to be the most refreshing, refined and agreeable hair dressing that can be obtained. Sold by the Koch pharmacy and druggists all over America for 50 cents.

The Perpetual Silo

A Silo Built of Hollow Clay Blocks

To the Farmer:

Are you contemplating building a silo this year? If so, why not build one of everlasting material, a silo that will keep the ensilage better than any other silo on the market today, a silo that will not blow down, one which has no guy rods in the way, no hoops to lighten, no paint, the only silo that can be insured against fire or wind storm—the Hollow Block Silo. Once built always built, no after maintenance.

We will erect you a Block Silo complete with a foundation and roof as cheap as you can have a wood silo put up when you consider the foundation and roof, and the cost of erection and painting of the wood silo.

A wood silo agent never lights in a community where a block silo has been erected, because he knows it would be useless. The Block Silos are not so well known as the wood silos because they are newer, but when once introduced into a community they prove themselves so much more superior to the wood silos that the farmers will have no other. The state of Iowa, which has fifteen of the Hollow Block Silos at its different public institutions has tested them thoroughly and says there is sucess in every instance and it will continue to build the same kind of silos.

For catalog and further particulars in regard to cost address C. C. Young, Maryville, Mo., or Tramp Bros., Creston, Iowa.

MINE STRIKERS GROW RESTLESS

First Cases of Violence Reported From Anthracite Fields.

MEN ASSAULTED FOR WORKING

the center of this city, doing thou-

Whose Son Was Mine Clerk—Disturbance Not General.

Philadelphia, April 3.—Sentiment among the workers in the anthracite region seems to be crystallizing in favor of prolonging the layoff until the operators grant recognition to the union. At a meeting held in Nanticoke, a thousand miners, most of them Poles, declared that they would not accept a 10 per cent increase unless it was accompanied by union recognition.

Both operators and miners, however, seem content to await the result of the conference to be held in this city on April 10, and none of the large companies made any attempt to work their breakers.

The Katheryn colliery, owned by Cleveland capitalists, situated about ten miles west of Shamokin, at the extreme end of the hard field, operated its breaker, but the slate picker boys refused to work, and the bosses and outside hands were obliged to do that work.

Fire Boss Injured.

While quiet prevailed throughout the coal fields there were several instances of violence reported during the day. At McAdoo a fire boss employed in one of the collieries was injured fatally in a fight, the direct outcome of the suspension. Another mine worker abused him for going to work and in the struggle that followed the fire boss' skull was fractured. His assailant was committed to jail without bail to await the result of his injuries.

Intimidated a Clerk.

At Cumbola dynamite was exploded at the home of a former mine boss whose son is a clerk in a Reading colliery. A young foreigner was arrested. It is believed the dynamite was exploded to intimidate the clerk. His home was not injured.

At Shenandoah a miner who had been employed fighting a mine fire was held up by two foreigners, but he was saved from harm by the arrival of policemen, who arrested the foreigners.

English Miners Reject Bill.

London, April 3.—The balloting of the miners on the question of terminating the coal strike has finished, but the official returns are not yet available. Apparently there will be a majority against the resumption of work. Under the rules of the miners' federation, a two-thirds majority is necessary to authorize a national strike, and it is doubted whether a bare majority will suffice for the continuance of the strike.

OKLAHOMA WILL CELEBRATE

Famous "Run" at Opening of Territory to be Reproduced on Twenty-Third Anniversary.

Guthrie, Ok., April 3.—The Oklahoma run will be reproduced April 22 when old Oklahoma territory celebrates the twenty-third anniversary of the opening of the land to settlement in 1889. Plans have been made by the business and professional men of Guthrie for the celebration. The run for homes at high noon, the staking off of claims, the rise of the tented city of 20,000 persons in one day, and the mammoth '89ers' parade, all will be re-enacted by hundreds of men and women who took part in them 23 years ago. A 1,200-foot moving picture film will be taken during the day.

For Better Schools in South.

Nashville, Tenn., April 3.—Prominent educators from all the states south of the Mason and Dixie line were present today when the fifteenth annual conference for education in the south convened here. The convention will be in session three days, adjourning Friday. A number of addresses were delivered at today's session by the leading men in the movement for bettering school facilities in the southern states. Elementary school education particularly was touched upon. All the speakers commented upon the need for better school buildings in the south.

Buildings Burned.

Montgomery, Mo., April 3.—Fire visited Middletown, this county, destroying the Middletown bank building, the Robinson hardware store, Dr. Miller's library and D. E. Bothel's restaurant. The bank building was owned by the Odd Fellows lodge and was insured for $1,500. The hardware store, valued at $8,000, was insured for $1,000. It is not known how the fire started.

Increase for Street Car Men.

Des Moines, Ia., April 3.—The board of arbitration appointed by the Des Moines City Railway company and the street car men's union to draw up a new wage scale agreed upon an increase in wages of 10.2 per cent for all employes. The men had asked for an increase of 25 per cent. The old wage scale expired March 1.

HENRY L. JOST WON

A NODAWAY COUNTY BOY ELECTED MAYOR OF KANSAS CITY.

HIS MAJORITY OVER 5,000

Defeating the Republican Machine and Overturning a Republican Majority—Thanks Nodaway County.

Henry L. Jost, who is well known in Nodaway county, was elected mayor of Kansas City Tuesday by a majority of 5,669 over D. A. Brown, the Republican candidate. Virtually the entire Democratic ticket was elected.

Mr. Jost Wednesday requested The Democrat-Forum to say that he desires to express to the people of Nodaway county, especially Hopkins township, his sincere thanks for the magnificent assistance and support they gave him in his race for mayor, and that he will always have the kindliest feelings for them.

Mr. Jost won in Kansas City solely on his own merits.

When news was received in Maryville Tuesday evening of the election of Mr. Jost, his many friends here were rejoiced to hear it.

Many telephone calls over the county to The Democrat-Forum Tuesday night wanting to know how the Kansas City election went, showed that the people were interested in that election, and when told that Mr. Jost was elected they were all glad of it.

Mr. Jost lived in Nodaway county for seventeen years. In 1881, in company with a number of other foundlings, Jost was sent to Missouri by the Mission Home of Industry at Five Points in New York. He was placed in the home of Judge Dale, who at that time was presiding judge of the county court of this county. Jost was then 9 years old. Reverses came to Judge Dale and he was forced to give up his home. He then worked for a number of farmers, and when 22 years old he said good-bye to farm life and moved to Hopkins, where he entered the law office of S. E. Brown, an attorney of that town, and began the study of law. In June, 1898, he was admitted to practice by Judge C. A. Anthony at Maryville. Desiring a higher education, he sought admission to the state university, but was prevented from carrying out his intention, because he was deficient in Latin. Instead he went to Kansas City and entered the Kansas City law school. Leaving the law school, he started the practice of law, and has been assistant city counselor in the Crittenden administration in that city, and later became assistant prosecuting attorney. While in the latter office he had charge of the state's case against Dr. Hyde, and his conduct of the case showed his ability as an attorney and made his name a household word throughout the state.

Quarantined Clyde Family.

Dr. Vilas Martin returned Tuesday evening from Clyde, where he was called Tuesday morning by Dr. W. P. Stuckle in regard to a case of spinal meningitis in the family of T. J. David of Clyde. The victim is Mr. David's 5-year-old son, and the physicians consider it a grave case. Dr. Martin quarantined the family to prevent any danger of the disease spreading.

Mrs. Louis Livasy and son of Creston came to Maryville Wednesday evening and visited over night with Mr. and Mrs. Dick Strong. They went to the Burlington Junction mineral springs Wednesday morning for treatment for Mrs. Livasy.

DRUG STORE ROBBED

CARTER'S PHARMACY AT BURLINGTON JUNCTION BURGLARIZED

SAFE WAS BLOWN OPEN

Money and Jewelry Taken—Indications Point to Local Parties as Being Implicated.

Carter's pharmacy of Burlington Junction was entered some time during the night Tuesday and the safe blown open and jewelry to the value of $800 taken. Some money was also taken which was in the cash register, but it did not amount to over a few cents.

Entrance to the drug store was gained by the rear door, which was unlocked with a pocket knife.

The safe door was blown off and a number of watches, probably forty, and a large number of rinks taken. All the jewelry trays were found Wednesday morning on the counter empty. It is supposed that the robbers went out of the front door, as that door was unlocked this morning when W. W. Hood went into the store to purchase some articles. He was the one to first discover that the store had been robbed.

Deputy Sheriff John Tilson went to Burlington Junction Wednesday morning, but up to press time had made no arrests.

There are no clues, but it is thought that local talent was in the party, as it was evident that they had some knowledge of the store.

VOTED AGAINST IT

SCHOOL CONSOLIDATION PLAN FAILED IN UNION TOWNSHIP.

TWO WILL TRY THE PLAN

Elmo and District No. 14 Will Be Consolidated—Fannan School District Divided Among Four.

The proposition to consolidate five school districts in Union township into one failed to carry Tuesday, the rural districts voting against it, and Pickering voting for it. The consolidation plan carried at Elmo district, No. 14, which lies north of Elmo, being in favor of combining with Elmo by a vote of 12 to 1. The Elmo school board will meet Friday night, when they will ratify the action of this district. This will be the first test of the consolidation plan in Nodaway county.

At Pickering Tuesday, that district was strongly in favor of the plan, the vote being 53 for and 5 against. But out in the rural districts the vote stood as follows: Mowery, 7 for to 12 against; Bloomfield, 7 for to 14 against; Glendale, 1 for to 16 against; Lock, 2 for to 13 against.

A campaign had been waged in these five districts in Union for the consolidation, and many speeches, telling of the advantages of the plan were delivered.

In White Cloud township it was decided by a vote of 10 to 5 to abandon the Fannon school and divide the territory in the school district equally among Blackman, Trego, Morgan and Sallow.

AVOID HARSH DRUGS.

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called Rexall Orderlies. These are prompt, soothing, and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless, and colorless. Combined with other well-known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge, nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons, and aged people, as well as for the most hearty person.

They come in three size packages, 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Remember, you can obtain them only at our store — The Rexall Store. The Orear-Henry Drug Co., 113 North Main street.

THIS IS CERTAIN.

The Proof That Maryville Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Miss Harriett McClurg, 405 East Thompson street, Maryville, Mo., says: "I gave a public statement in favor of Doan's Kidney Pills in September, 1908. Since then I have had occasional attacks of kidney complaint, and I have always used Doan's Kidney Pills successfully at such times. I recommend them whenever an opportunity is given me. I was troubled with pain and weakness in my back and hips and could hardly get about. Doan's Kidney Pills corrected these troubles immediately, and after using them I felt better in every way."

SOUTH AND WEST IN GOOD SHAPE

W. A. Lippman of Field-Lippman Tells Local Manager.

Manager Hancock of the Field-Lippman music house in Maryville has just received from W. A. Lippman of St. Louis an interesting letter telling of the trade conditions observed by him in an extensive trip covering nearly four weeks, and which took Mr. Lippman through Tennessee, Alabama, Georgia, Mississippi, Florida, Missouri, Kansas, Oklahoma and Texas. The first two weeks of Mr. Lippman's trip was through the southeast, a part of the time being spent with his wife and children at St. Petersburg, Fla.

During the last ten days Mr. Lippman stopped at Galveston, Houston, San Antonio, Austin, Fort Worth, Dallas and Kansas City, and during this time he was accompanied by O. A. Field, the other partner in the above company in St. Louis.

Visits were made to the various stores of the concern in these cities, and M. J. C. Phelps, state manager for Texas, joined them early in the trip and made the round with them.

Mr. Lippman goes on to state that the conditions in Texas are very hopeful and never in the history of the state have crop promises been so bright. Rain in abundance has fallen all over Texas, the Panhandle has had heavy snow and the soil is moist with promises of holding enough saturation to insure well started crops. With a good start the crops of Texas should be in the bumper class this year.

At every point visited, especially Houston, San Antonio, Fort Worth and Dallas, the signs of material progress and prosperity are universally apparent, hundreds of modern store and office buildings are going up on all sides, new hotels of modern equipment are opening at the rate of one every month or two, and Dallas will open in September the Adolphus, a twenty-two story hotel, which will be the equal of any hotel outside of New York, and in magnificence and cuisine, as well as construction, will rival all but one or two even in New York.

On all sides prosperity and good fortune as the reward of hard work faces one—and even the signs of the recent dreaded epidemic of spinal meningitis have entirely disappeared—Mr. Lippman states that the reports regarding the spread and reach of the disease were greatly overdrawn, as such things usually are.

In several cities Mr. Lippman states the business of his house demands more room and greater facilities for the rapid developments this house is making. In Kansas City, for instance, Mr. Lippman leased a new building with three floors, elevator service, strictly modern equipment in every way, one of the most recent and finest constructed retail store buildings in Kansas City.

The Kansas City house of the Field-Lippman company has outgrown its present quarters, and for months more room has been needed, but the building just leased by Mr. Lippman was the first one offered that met all requirements. Alterations are already under way, and when completed will provide recital hall, display rooms for the various lines of pianos and player-pianos carried by this house, offices for the Kansas City sales organization, from which the Field-Lippman house controls Western Missouri and Kansas. Sound proof display rooms will be a feature of the new place—music roll salesrooms, also sound proof, will handle the large business done by them in this line. The new quarters will be ready about June 1st, at which time it is expected the company will give a big opening.

The chief purpose of the extensive trip of Mr. Field and Mr. Lippman, in addition to inspection of the company's properties in the various houses, was in connection with the player-piano department and the changes which are to be made in the many stores of the Field-Lippman concern to adequately handle the constantly increasing player and player music roll business.

The changing conditions in the music industry have been very closely studied and followed by these two young men, and they have the name of being right up to the scratch on the most recent developments and turns in the trade.

It may safely be taken for granted, judging from the remarks made by Mr. Lippman to Mr. Hancock, that the Maryville store of the Field-Lippman concern is to be kept up with every new move and plan and the people of Maryville will continually be given the advantage and benefits that are given to music lovers and piano buyers in the largest cities. That the Maryville store has been successful in making itself felt in music circles here goes without saying—the Saturday concerts are becoming more and more popular, and frequently many are turned away for lack of space.

Mrs. M. J. Richardson and her son, J. L. Richardson, or Rosendale, were in Maryville Tuesday on their way to the Burlington Junction mineral springs for treatment. They were accompanied by Dr. Snitter of Rosendale.

BALD HEADS.

More Women Are Bald Than Men, Says Authority.

This is a startling statement, but it's true, according to an article published in a standard magazine this year.

One thing is certain, Parisian Sage will surely prevent baldness by stopping the hair from falling, but it won't grow hair after the head is bald.

Ladies, look after your hair, destroy the dandruff germs with Parisian Sage and dandruff will disappear. It stops scalp itch over night and is guaranteed to be the most refreshing, refined and agreeable hair dressing that can be obtained. Sold by the Koch pharmacy and druggists all over America for 50 cents.

The Perpetual Silo

A Silo Built of Hollow Clay Blocks

To the Farmer:

Are you contemplating building a silo this year? If so, why not build one of everlasting material, a silo that will keep the ensilage better than any other silo on the market today, a silo that will not blow down, one which has no guy rods in the way, no hoops to lighten, no paint, the only silo that can be insured against fire or wind storm—the Hollow Block Silo. Once built always built, no after maintenance.

We will erect you a Block Silo complete with a foundation and roof as cheap as you can have a wood silo put up when you consider the foundation and roof, and the cost of erection and painting of the wood silo.

A wood silo agent never lights in a community where a block silo has been erected, because he knows it would be useless. The Block Silos are not so well known as the wood silos because they are newer, but when once introduced into a community they prove themselves so much more superior to the wood silos that the farmers will have no other. The state of Iowa, which has fifteen of the Hollow Block Silos at its different public institutions has tested them thoroughly and says there is sucess in every instance and it will continue to build the same kind of silos.

For catalog and further particulars in regard to cost address C. C. Young, Maryville, Mo., or Tramp Bros., Creston, Iowa.

MINE STRIKERS GROW RESTLESS

First Cases of Violence Reported From Anthracite Fields.

MEN ASSAULTED FOR WORKING

the center of this city, doing thou-

Whose Son Was Mine Clerk—Disturbance Not General.

Philadelphia, April 3.—Sentiment among the workers in the anthracite region seems to be crystallizing in favor of prolonging the layoff until the operators grant recognition to the union. At a meeting held in Nanticoke, a thousand miners, most of them Poles, declared that they would not accept a 10 per cent increase unless it was accompanied by union recognition.

Both operators and miners, however, seem content to await the result of the conference to be held in this city on April 10, and none of the large companies made any attempt to work their breakers.

The Katheryn colliery, owned by Cleveland capitalists, situated about ten miles west of Shamokin, at the extreme end of the hard field, operated its breaker, but the slate picker boys refused to work, and the bosses and outside hands were obliged to do that work.

Fire Boss Injured.

While quiet prevailed throughout the coal fields there were several instances of violence reported during the day. At McAdoo a fire boss employed in one of the collieries was injured fatally in a fight, the direct outcome of the suspension. Another mine worker abused him for going to work and in the struggle that followed the fire boss' skull was fractured. His assailant was committed to jail without bail to await the result of his injuries.

Intimidated a Clerk.

At Cumbola dynamite was exploded at the home of a former mine boss whose son is a clerk in a Reading colliery. A young foreigner was arrested. It is believed the dynamite was exploded to intimidate the clerk. His home was not injured.

At Shenandoah a miner who had been employed fighting a mine fire was held up by two foreigners, but he was saved from harm by the arrival of policemen, who arrested the foreigners.

English Miners Reject Bill.

London, April 3.—The balloting of the miners on the question of terminating the coal strike has finished, but the official returns are not yet available. Apparently there will be a majority against the resumption of work. Under the rules of the miners' federation, a two-thirds majority is necessary to authorize a national strike, and it is doubted whether a bare majority will suffice for the continuance of the strike.

OKLAHOMA WILL CELEBRATE

Famous "Run" at Opening of Territory to be Reproduced on Twenty-Third Anniversary.

Guthrie, Ok., April 3.—The Oklahoma run will be reproduced April 22 when old Oklahoma territory celebrates the twenty-third anniversary of the opening of the land to settlement in 1889. Plans have been made by the business and professional men of Guthrie for the celebration. The run for homes at high noon, the staking off of claims, the rise of the tented city of 20,000 persons in one day, and the mammoth '89ers' parade, all will be re-enacted by hundreds of men and women who took part in them 23 years ago. A 1,200-foot moving picture film will be taken during the day.

For Better Schools in South.

Nashville, Tenn., April 3.—Prominent educators from all the states south of the Mason and Dixie line were present today when the fifteenth annual conference for education in the south convened here. The convention will be in session three days, adjourning Friday. A number of addresses were delivered at today's session by the leading men in the movement for bettering school facilities in the southern states. Elementary school education particularly was touched upon. All the speakers commented upon the need for better school buildings in the south.

Buildings Burned.

Montgomery, Mo., April 3.—Fire visited Middletown, this county, destroying the Middletown bank building, the Robinson hardware store, Dr. Miller's library and D. E. Bothel's restaurant. The bank building was owned by the Odd Fellows lodge and was insured for $1,500. The hardware store, valued at $8,000, was insured for $1,000. It is not known how the fire started.

Increase for Street Car Men.

Des Moines, Ia., April 3.—The board of arbitration appointed by the Des Moines City Railway company and the street car men's union to draw up a new wage scale agreed upon an increase in wages of 10.2 per cent for all employes. The men had asked for an increase of 25 per cent. The old wage scale expired March 1.
